

ALFA LAVAL COMPANY LTD.

Alfa Laval combines the most advanced technology currently available with exceptional experience and know-how in order to meet the special requirements of the power industry. By providing solutions that enhance system performance, we help you to improve the results your plant can achieve.

Our separators and heat exchangers are the heart solutions in the critical parts of virtually any power plant – ranging from heavy fuel oil systems for a gas turbine plant to emergency cooling in a nuclear power plant and fresh water production in a steam turbine power plant.

New innovative designs extend our ability to provide performance enhancing heat transfer solutions for your steam/condensate system. Ranging from vacuum to high pressure duties we have gasketed, semi-welded and fully-welded heat exchangers utilized in a wide range of cooling, heating, heat recovery and condensation applications.

Our worldwide organisation works closely with customers in almost 100 countries to help them stay ahead. We have consistently won trust of partners that have worked with us, not least because we take pride in not leaving until the job is fully complete.

Alfa laval offers high quality plate heat exchangers suitable for cooling, heating, heat recovery and condensation duties. Our reliable separator solutions cleans fuel, oil and oily water to world standards. Moreover our desalination plants provides clean water by utilising waste steam, heat or electricity.

Name	Alfa Laval AB
Head Office	Sweden, Lund
EU Office	Sweden, Lund
Contact	Jesper Romell
Telephone	+46 46 36 65 00

Main Business Equipment Manufacturer

Main Products and Services

- | | |
|------------------------|---|
| Other Equipment | Coolers, heaters, condensers based on plate heat exchanger technology
Fuel, oil and water cleaning units based on high speed centrifuge separation technology
Seawater desalination plants
Raw water filters |
| Services | Cost cutting solutions
Process and equipment design
Service and maintenance contracts and spare parts |

References

- | | |
|-------------------------|---|
| ASEAN Countries | Indonesia, Malaysia, Philippines, Singapore, Thailand, Vietnam |
| EU Member States | More than 3000 installations in EU member states |
| Other Countries | More than 3000 installations world-wide, excl. EU member states |

Typical References

Worldwide, power plants, power and process industry
Plate heat exchangers, separators, desalination units, filters

ASEAN Offices

Thailand (Sales Office)
Alfa Laval Thailand Ltd.
222 Krungthep Kreetha Road, Huamark Bangkokpi
TH-10240 Bangkok
Thailand
Tel. +66 2 379 46 60
Fax. +66 2 379 46 61
Email: thailand.info@alfalaval.com

ASEAN Offices (cont'd)

Malaysia (Sales Office)

Alfa Laval (Malaysia) Sdn Bhd
Lot. 2.23, Jalan SU 7; Perindustrian Subang Utama; 40000
